ASCA's ACE Program

- The new ACE (Agility Competition Enthusiast) program allows dogs 18 months or older to jump one height lower than their standard height. The current program will be called the Championship program.
- Course times for dogs in the ACE program will be 10% greater than the Standard Division dogs in the Championship program in Regular and Jumpers. Gamblers time will be the same in both programs and based on the height of the jumps.
- Effective January 1st, 2015, the ACE program will also offer a Senior Dog Division. Any dog 10 years or older is eligible they will jump an **additional** jump height lower and receive 10% more time than the dogs in the ACE Standard Division. For example, a 10 year old dog measuring 19" at the withers will be able to enter the ACE Sr. Dog Division and jump 12".
- Each dog and handler team can only enter either the Championship program or ACE program on any one day of a trial. Dogs moving from the Championship program to the ACE program will be allowed to compete at a lower level if a qualifying score at a higher level has been obtained in the Championship program. For example, if a dog has earned its Open titles in the Championship program, it can enter the ACE program at the Novice, Open or Elite level. If this dog enters the ACE program in the Open or Elite classes, the Q's will be applied to the Novice ACE titles and since the dog has Q'd at the higher level in the ACE program it cannot return to compete at the lower level.
- Points from the two programs will be separate and will not be combined except for certain Elite titles from the Championship program that may be moved to the ACE program. The "transferring" of points will only be made once and must be requested in writing and sent to the Business office. Points from the ACE program may not be transferred to the Championship program.
- The points needed for each title are the same in both programs (base, Outstanding, Superior and ATCH (called ACE in the ACE program).
- The ACE program is NOT eligible for Finals, Merit List or HOF.
- For more information regarding the ACE program please visit the agility rules on the ASCA website:
