I am announcing my candidacy for the ASCA Board of Directors.

Education

Graduate Berea High School
Graduate Ohio State University 1975 – Degree in Equine Production
Graduate Independence University 2012 – Degree in Respiratory Therapy

Work Experience

I have had a varied career, from working with Standardbred Racehorses as a groom, trainer and driver to owning my own dog grooming and retail pet store to working for hospitals as a Registered Respiratory Therapist. Such a wide variety of jobs gave me the opportunity to work with people from all walks of life. It gave me insight from both the employer and employee standpoint in both very large hospital settings and small business operations. I am currently retired.

ASCA Experience

I have been involved in ASCA since purchasing my first Aussie in 1980. Since then I have been active as both a competitor and volunteer.

- ASCA Permanent Kennel – Daydream Australian Shepherds
- Tried and/or titled in Stock, Conformation, Agility, Rally and Obedience.
- Attained WTCH, CH, SVCH, Elite Agility and HOF Sire. All titles are owner trained and handled.
- Volunteered as Conformation show secretary, Obedience steward, Stock Course Director and stock handler, and all agility positions.
- ASCA Agility Supervisor Judge
- ASCA Agility Course Reviewer
- Served on the Agility Committee and have chaired the committee for the last 4 years.
- Held various positions in several ASCA Affiliates since 1986, currently a member of Prescott ASC and Buckeye ASC.

My vision for ASCA is to promote both the parent club and the versatile dog we love. I hope to do that by serving on the ASCA Board, using my talents to insure the membership is heard and we make the best possible decisions for the health of our breed and our club.

Thank you for your consideration.

Judy
