Advertising and Publishing Guidelines (rev. 1/01)

- A. When stating that a title (e.g., "Champion") or a verification (e.g., OFA grading) has been completed, said certificate must be received by the advertiser before they make such a statement.
- B. It is up to the individual advertiser whether or not to list puppy prices and/or stud fees.
- C. When submitting a dog's OFA grading, list both the grade and the number.

- D. All ASCA conformation, obedience, working, and agility title honorary degrees earned by a particular dog according to the rules and regulations of ASCA must be verified through the proper channels.
- E. Advertisers must be willing and able to verify any statement immediately upon the request of the Editor and/or the ASCA Board.
- F. The *Aussie Times* will publish only one letter or article per author in any single issue. Exceptions include: ASCA Officers and Board; ASCA Appointed Officers; and *Times* Editor and Associate Editors. Recognized affiliate clubs will be allowed one article or letter, following the regional schedule, in addition to their club activity report. This does not mean they are entitled to a free, full-page ad.
- G. An advertiser who has reserved inside covers must notify the Editor, in writing, no later than one week (7 days) before the deadline of the reserved issue if the cover will not be used. Failure to do so will result in the loss of the paid deposit.
- H. Letters to the Editor must be no longer than 250 words. Short, typed letters of 150 words or less are preferred. Your letters must be signed and include your address and phone number. Addresses and phone numbers will not be printed unless requested by the author. The editor reserves the right to reject letters that are too long, libelous, or contain personal attacks.
