Course A (See course description last in this PDF!)

Post Advanced Trial is for dogs that have been certified or have qualified for the Advanced Trial Dog (ATD) for the class being entered – this is the class after ATD, or instead of an ATD-run when offered.

Title is earned when two qualifying scores are received under two different Judges. The title awarded is Post Advanced Trial Dog – PATD (+stock = PATDs or PATDc). Qualifying score is 88 or more out of 125 possible points.

If the dog loses the stock from the designated Course area he will be excused and stock handlers will retrieve the stock. Time limit: 15 minutes/run. Post Advanced handler may not step across an imaginary line drawn across the entry wings of the chute on the A-Course, without a loss of 50 % of the total points. Read more about Post Advanced Trials in the Stockdog Rulebook (download on www.asca.org) or on swedasc.se/com.

For Exhibition Only "FEO": An exhibitor may run in any division at any time, with or without a title, for Exhibition Only. No placements, points, or prizes will be awarded for dogs running "FEO". The owner or exhibitor must note on the entry form "FEO" and inform the Judge they are running "FEO" before the start of their run.
