I'd like to announce my candidacy for a position on the ASCA Board of Directors. I am currently an ASCA board member and would like to continue working for the breed and the members.

I grew up with horses as a large part of my life. When my son was young I wanted to give him some of the same experiences. We got an Australian Shepherd and here we are thirty two years later still at it. He was active in ASCA's junior program for many years. During his junior years we attended many shows, trials, clinics and Nationals around the country as he worked towards his goals. Now years later the goals have changed but the dogs are still part of our lives.

I had been a member of the junior committee for many years and was appointed to fill a vacancy on the ASCA board. I was elected to the board in 2016. I'd be lying if I said it was all good, some decisions have been hard but we need to put the needs of ASCA first. We may have all started with this breed for different reasons but why we stayed is because of how special the breed and club are to us.

Over the years I've worked conformation, obedience, rally and stock trials in many positions. I've been a member of ASCNE for twenty eight years. I've seen change in the breed and the club over the years both good and bad. I believe my commitment will help me in my decision to continue working for the breed and would appreciate your support.

Thank you, Cindy King
